

The Baby Nurse, Where Babies Are Our Business

October 22, 2010

To Whom It May Concern,

Consuelo stayed with our family when our son Luke was born. She stayed with us from September 11 until October 01, 2010.

While Consuelo was here she was a pleasure to have in the house. She took care of our baby as if he was her own. We felt extremely comfortable. She did everything for our baby and was even great with our 3 year old son.

Our older son continued to ask for Consuelo even once Consuelo had to go home. We had to explain to him that it was time for Consuelo to take care of another family.

We highly recommend Consuelo's services and we would have Consuelo stay with us again if we have another baby.
