

The Baby Nurse, Where Babies Are Our Business

9/9/10

To Whom It May Concern:

We recently had the privilege of welcoming Consuelo into our home to help us care for our newborn son. Consuelo was with us for one week and she primarily helped with scheduling as well as with night feedings. She worked with us and followed a regime that we felt was conducive to our family's schedule. She also brought a great deal of information to the table and explained to us why she was doing what she was doing. I found this helpful because I/we were able to follow her lead after she left us. Consuelo was loving, kind and provided me with such great support. I was very sad to see her leave!

I highly recommend her services to you and am certain that she will be an asset to you and your family. If you have any questions please feel free to contact me.
