To Whom It May Concern:

This is a letter of recommendation for Ms. Kathleen Balbosa who was our baby nurse to our baby girl Evelyn from December 16, 2011 to January 16, 2012.

Kathleen came to us as another baby nurse was leaving and the transition was seamless and effortless. Kathleen was kind and quiet and caring and was a joy to have around the house, always friendly and happy to be a part of the family. She always had a cheerful disposition and always seemed in control. Her experience and confidence were very apparent.

We were extremely grateful to Kathleen, as when she started our daughter had a very bad cold and Kathleen was instrumental in enabling her to sleep at night, sitting in a chair most of the night with her when her congestion was at its worst. I don't know what we would have done without her!

We would recommend Kathleen wholeheartedly and we were very sorry to see her go.

Sincerely,
Lyra & Ramen
