

The Baby Nurse, Where Babies Are Our Business

October 31, 2010

To Whom It May Concern:

Kathleen has been with us for the first two weeks after the birth of our baby girl, helping us full-time. She has been a great help. We were able to recuperate, take our time getting used to our baby's needs and learned how to take care of those needs with Kathleen's help.

We didn't have to get up nights for feedings and slept the whole night through; Our baby girl was well taken care of: cleaned, fed and sound asleep as soon as she ate.

We made an excellent decision by hiring Kathleen and are very happy everything worked out so well.
