To Whom It May Concern:

As a baby nurse to our newborn baby boy, Aulda Thorpe Hayes has been a remarkably responsible, caring and nurturing nurse.

I was amazed at the ease which Aulda could fulfill a variety of tasks. Not only was she wonderful with our newborn son, she also maintained the laundry, organized the nursery, helped with pumping, cleaned, etc., but she was also great with our 5 year old son. He loved Aulda and woke up every morning asking for her!

As New Yorkers, we were concerned about having someone living with us in such a small space, however, Aulda quickly became part of our family. She has a gentle disposition and is extremely easy to get along with. I only wish that she could have stayed with us longer!

I highly recommend Aulda as a baby nurse. I am looking forward to our next baby so we can have Aulda help us again.

If you have any questions or need further information, please don't hesitate to contact me.

All the best,
