To Whom it May Concern:

I can't say enough good things about Consuelo.

From the moment we met her, my husband and I found her to be extremely professional, intelligent, and thorough. We had a very tough time finding a baby nurse with whom we felt comfortable, and knew quickly that Consuelo was the perfect candidate. She was so kind and gentle with the baby. She took over responsibilities when I was recovering and catching up on sleep. She was also an excellent teacher and very patient when instructing my husband and I in all the nuisances of baby care. She kept great records regarding feedings and sleep times, so that the baby could stay on track and develop a schedule.

Consuelo encouraged my husband and I to take time for ourselves and we felt completely comfortable leaving the baby in her care.

I was sad when she left as I felt she truly enriched the experience of getting to know our baby. I will definitely ask Consuelo back if I ever need additional help. Consuelo is a wonderful, nurturing baby nurse and we couldn't have asked for a better experience. We are better for having met her and would highly recommend her.
