To Whom It May Concern:

Without a moment of hesitation, we highly recommend Consuelo Sorzano.

She was more than a baby nurse. She was like a member of our family sharing such a special time with us. She had a loving way with our son, Dylan and helped us learn all of the aspects of taking care of a newborn.

She is very knowledgeable and an excellent communicator. Her gentle manner put us at ease immediately.

We were very lucky to have Consuelo help us during this amazing time in our lives.

Please feel free to call us if you need any further information.
