

**The Baby Nurse, Where Babies Are Our Business**

**TO WHOM IT MAY CONCERN**

It is with pleasure that my husband and I recommend Consuelo Sorzano as a Baby Nurse. Consuelo is everything you could ask for in a caretaker for your child. We originally were apprehensive about having a stranger in our house when we brought our daughter home, but Consuelo allayed those fears within the first few hours - I can't imagine having another baby without her.

She is incredibly skilled at taking care of newborns and does so with a wonderful balance of professionalism and warmth. She is a calming presence in your home - always there when you need her, but never intrusive when you are with your child. She is also able to teach you anything you would like to know about taking care of a baby, but never presumes to know best when your child is involved. She brings a life experience as a mother and grandmother that benefits your child and a graciousness that benefits the whole family.

As a neurotic lawyer I can say that I worry about everything, but did not worry for a minute when my daughter was in Consuelo's care. She is a true gem.
