To Whom It May Concern:

It is with great pleasure that we recommend Kathleen as a baby nurse. Kathleen took care of our son Miles for one month, after Aulda left to be with her other family.

Kathleen is highly capable, caring, reliable and very patient. We enjoyed having her in our home, as she was always in an upbeat mood.

Kathleen also went above and beyond what was expected of a baby nurse. She often took care of our older two-year old child, if I was nursing Miles or if I needed to rest.

Kathleen would be a great asset to any family that hires her. Please call me should you have any questions.

Sincerely,  
Megan & Jon  
New York, NY
