

The Baby Nurse, Where Babies Are Our Business

Peter & Natalia, *Flushing, NY*

Consuelo has worked with me since 1995 as a baby nurse to my son when he was just 5 days old. She is honest, trustworthy and has a very warm personality. She also knows all there is to know about babies - from her massages, the special way she does her baths and her method of soothing. I always admired how she never seemed upset or overwhelmed about anything, despite how anxious we were as first time parents. She was always in control and was always able to alleviate our fears. We again called on Consuelo quite recently when we had our second child Julia. As expected, Julia was given the best care.

We have no hesitation in recommending Consuelo to anyone who requires a baby nurse. She is the best.

Thanks Peter & Natalia
